

Camper Trailers

2016

ENJOY NEW FOUND
FREEDOM IN AUSTRALIA'S
MOST POPULAR RV

Owning a Jayco Camper Trailer is practically an Australian tradition for young families. Your ticket to the simple joys of a holiday along the coast, by a river somewhere, or deep in the great outdoors, this ideal first RV will become a much-loved source of cherished lifelong memories.

Because every family is different, there's a choice of seven floor plans. The smallest sleeps five, while the largest accommodates as many as eight. Each is lightweight for easy towing by a wide range of vehicles, compact for convenient storage in your garage, carport or backyard, and each is offered in an Outback version suitable for venturing cross-country.

Like every Jayco, our Camper Trailers are designed for comfort, built to last, and equipped for effortless enjoyment. Setting up on arrival is a breeze. With the help of our patented roof lifter system, a couple of minutes is all it takes.

And don't forget the other advantages of Jayco ownership – no matter which Camper Trailer you choose, you can look forward to:

- **nationwide support** from Australia's **largest dealer and service network**, comprising more than 100 locations around the country;
- **24-hour roadside assist*** for three years, ensuring you're only ever a phone call from the support you need; and a
- **comprehensive 12-month warranty** regarded as the industry benchmark.

Add up all the benefits, on this page and those that follow, and you'll start to see why Jayco Camper Trailers are rated number one for value; and why, just as importantly, they'll hold value better than any other brand should you ever decide to upgrade.

EVERYTHING IS EASIER WHEN YOU HOLIDAY THE JAYCO WAY

Our Camper Trailers don't just make getting there easy – top to bottom, inside and out, every detail of a Jayco is designed to make all aspects of your holidays easier, more comfortable and more enjoyable for every family member.

That's the difference our four decades of local design and manufacturing experience makes. We understand that you want to tow small, but live large, with ample space for relaxing, innerspring mattresses for a restful sleep, quality appliances for cooking, and enough storage to carry your essentials. So that's what we give you – including a large, five-foot wide parents' bed with most floor plans.

We also appreciate you may want to personalise your Jayco. Not just through your preferred choice of fabrics and finishes, but with accessories relevant to your favourite leisure activities. Like a roof rack for the family tinnie, bike racks, or an awning for all-weather outdoor entertaining.

STEP 1

STEP 2

STEP 3

STEP 4

STEP 5

STEP 6

QUICK AND EASY SETUP Once you arrive, it takes no time at all to set up your Camper Trailer, so you can start enjoying your time away sooner.

STEP 1. Unclip the corner roof latches

STEP 2. Use the fully enclosed winder system to raise the roof

STEP 3. With the roof raised, slide both bed ends out

STEP 4. Place the external supports under each bed end

STEP 5. Fold down the upper section of the stowable split door and connect with the lower section

STEP 6. Hinge each end frame up and slide the internal support pole into place

1 Four-burner gas cooktop with electric hotplate and flame out protection (N/A Swift). **2** Rear bed restraints to help young children sleep safely. **3** Innerspring mattress for comfort and support. **4** Dual illumination 12-volt LED ceiling light with bright and mood settings. **5** Kitchen drawers operate at the touch of a finger. **6** Plenty of cupboard space. **7** Combination fan and 12-volt light for bed time reading. **8** The large stainless steel sink includes a dual-sided chop 'n' serve board.

BUILT IN AUSTRALIA SINCE 1975
AND STILL GOING STRONG

Jayco RVs have been helping Australians live their holiday dreams for over 40 years. We began in 1975, in the garage of a suburban home; our ambition, to build a better Camper Trailer. Today, Jayco is the most popular brand on the market. We've built, sold and supported more than 180,000 RVs to date, and now operate a 20-hectare manufacturing facility in Melbourne that employs a local workforce of 1,000+ people.

From that first Camper, Jayco has made high-quality products that offer outstanding value for money and lasting peace of mind. It's an advantage we deliver more than ever now through increased manufacturing efficiencies; proprietary technology, such as **JTECH SUSPENSION**, the **JAYCO MAXIFRAME** and **JAYCO ENDURANCE CHASSIS**; and a commitment to using better materials, more precise craftsmanship, and ever-smarter design ideas and construction methods, for example:

- The **patented roof lifter system** minimises winding effort, eliminates slippage, maximises stability, is fully enclosed to prevent damage and comes with a lifetime warranty to the original owner (winch only)
- The tent section is made of high quality, **Australian-made Bradmill canvas**, computer cut for accuracy and double-stitched for longevity
- The **one-piece fiberglass** roof is interlocked in position for added strength, and features protective corner moulds and extruded, powder-coated sidewalls with an in-built annexe track
- Our Eurostyle aluminium framed furniture features **protective curved extrusions** for strength and elegance, positive cupboard catches to secure your valuables in transit, and cabinet fronts that are screwed into place, not stapled
- Cushions are made from **high-resilience** foam, for years of comfort and support, and upholstery is treated with **antimicrobial protection** to inhibit mould, mildew and fungi, as well as dust mite protection to help prevent asthma and allergy-related conditions
- Tyres are **inflated with nitrogen** – not everyday air – reducing fuel usage, tyre wear and the risk of blowouts, while also improving ride and handling.

THE JAYCO QUAD-LAYER MAXIFRAME Our Camper Trailers are built with the Jayco Maxiframe. This quad-layer wall construction technology is both stronger and lighter than those of conventional 'timber & tin' aluminium clad RVs.

1. **Hail and dent resistant fibreglass exterior** with a high gloss, gel coat finish.
2. External 3mm **plywood board** to increase structural strength.
3. 42mm **interlocking aluminium frame** – not timber – for extra strength and longevity.
4. Internal 3mm **plywood board**, CE coated for maximum durability.

JAYCO PRESSED STEEL C-SECTION (PSC)
PSC floor members are lighter than conventional box section steel, 300% stronger and resist bending by 175%.

JAYCO ENDURANCE CHASSIS
An RV is only as strong as the base on which it's built, so we build our Endurance Chassis to last like no other. Lightweight yet super strong, it's hot dip galvanised for lifelong protection against corrosion, and features PSC member floor support, which better resist bending and compression, while also safeguarding under floor wiring and plumbing.

JAYCO OUTBACK

Some of Australia's must-see destinations – the places you really want to explore – lie well beyond the bitumen. To help you see them, with all the comforts of home, each Jayco Camper Trailer is also available in an Outback version, complete with a higher ground clearance, and a range of high-strength componentry and specialised features, including:

- JTECH Independent Suspension
- 100AH battery
- Rectangular hollow section galvanised bumper bar
- 150mm x 50mm rectangular hollow section chassis members
- 125mm x 50mm rectangular hollow section A-frame
- Jerry can holder on 'A-frame' (jerry can not included)
- AL-KO off-road electric brake magnets
- AL-KO outback drop jacks
- Protective aluminium checker plate on sides
- 15-inch alloy wheels with 235/75R15 tyres
- Vinyl spare wheel cover
- Pull-out double step
- External 12V auxiliary plug
- External gas bayonet
- Jayco mud flaps
- Solar provision.

Opting for a Jayco Outback version is not a licence to bush bash, mind you. But its extra strength and enhanced specifications will free you to travel the country's unsealed roads safely and arrive relaxed. Even so, always take extra care and reduce your speed, especially when driving in unfamiliar territory. If in doubt, do what the 4WD experts do – use your Jayco as a base station and head into rougher terrain without anything in tow.

JTECH SUSPENSION

Purpose designed to complement the Jayco Endurance Chassis, JTECH Suspension replaces beam axles with individual stub axles, allowing each wheel to react independently to the road surface, while also lessening the chassis' unsprung weight. Delivering **greater stability**, a **smoother ride**, more **precise handling** and **increased ground clearance without increased ride height**, it makes towing easier and safer than ever before.

Precision manufactured using automotive processes to ensure exact fitment, JTECH Suspension is the product of two years' research and development at Jayco's Melbourne headquarters, and countless kilometres of real world testing across the best and worst of Australian second class roads. Its features include:

- **ELECTROCOATED** surfaces for optimum protection against corrosion and stone chips
- **AL-KO STUB AXLES**, bearings and brakes that are suitable for fitment of AL-KO Electronic Stability Control
- Large diameter, heavy-duty **PEDDERS OFF-ROAD SHOCK ABSORBERS AND COIL SPRINGS** designed specifically for Jayco RVs and Australian conditions
- **AEON RUBBER SPRINGS** inside each coil spring, producing a progressing rate when the suspension is compressed; and
- **TOE-IN AND TOE-OUT** adjustment for wheel alignment

OPTIONAL AL-KO ELECTRONIC STABILITY CONTROL

A. Critical swerve or sway is detected.

B. Electronic Stability Control partially applies the RV brakes. The caravan is pulled into line behind the tow vehicle. The sway is stopped and the caravan brakes are released.

Jayco allow an amount of additional weight (Carrying Load) for each individual unit manufactured above the initial manufactured Tare Weight of the unit. This 'Carrying Load' is for the customers individual weight requirements and can be made up of 'any' additional weight they propose to load the unit up of. ie water, food, clothes etc.

The standard unit carrying load Jayco applies is:
Single Axle; 300kg

Outback travel heights increase by 250mm
Outback travel lengths increase by 250mm

The tare and tow ball weight is only a guide and will change depending on accessories which are fitted to your van. It is advisable to discuss with your Jayco Representative.

CHOOSE JAYCO AND YOU’LL NEVER LOOK BACK

The freedom you experience when purchasing a Jayco extends beyond being able to travel where you want, when you want, for however long you want. There’s also freedom from worry.

It comes from realising you’ve chosen the best value RV brand that money can buy, and that it will hold value better, for longer. It’s also the peace of mind of knowing Jayco will always be there for you – through

our comprehensive warranty, complimentary roadside assist service, or the convenience of Australia’s largest RV dealer network.

Freedom from doubt, from second-guessing, from ‘what if’ – it’s the feeling only an Australian-made Jayco can provide, and it’s why our RVs are the first and only choice for so many.

NATIONWIDE SUPPORT

100+ SERVICE AND DEALER LOCATIONS

With more than 100 approved service centres nationwide, the Jayco support network is easily the best and most comprehensive in Australia. No matter where the road takes you, the expertise or spare parts you need are never far away.

ROADSIDE ASSIST

3 YEARS 24 HOURS 365 DAYS

Every new Jayco RV comes with one feature that no other RV manufacturer can match— complimentary 24-hour Roadside Assist for three full years. No matter where you travel in Australia, as a Jayco owner, you’re only ever a phone call away from the help you need in the event of an on road emergency.

WARRANTY PROGRAM

12 MONTHS

The Jayco 12-month warranty is our promise that the RV you purchase will be 100% free from poor workmanship and material defects. Regarded as the industry benchmark, it lets you relax on your travels, safe in the knowledge that Australia’s largest RV dealer and service network has you covered.

BETTER VALUE

MORE FEATURES FOR LESS

Every model Jayco comes equipped with standard features that other brands offer only as options. Buying power is the key—nearly one in two RVs on Australian roads carries our name. We’re also the nation’s most efficient RV manufacturer. By passing on the benefits of these production advantages, we ensure Jayco remains Australia’s best value for money RV.

HIGHER RESALE VALUE

A SMARTER INVESTMENT IN THE LONG RUN

As you travel life’s journey your needs may change. Your growing family may outgrow your current RV. Or you may retire and want to upgrade before embarking on the big trip you’ve always dreamed about. Whatever your reason for selling, you’ll find a Jayco holds its value better than any other brand.

JAYCO OPTIONS

ADD THAT PERSONAL TOUCH It's through individual touches that the Jayco you choose becomes your own truly personal, home away from home. That's why we complement our range of feature packed floor plans with a selection of high quality optional extras – all of them designed to integrate seamlessly with your Jayco, operate effortlessly, and look fabulous. Here are just a few:

- 01

Have power to spare with the 120 watt solar system and regulator.
- 02

Add an outdoor room the easy way with a bag awning and walls.
- 03

Bag flies keep bed ends shaded and more private.
- 04

Check water and battery levels at a glance with the Coast to Coast control panel.
- 05

An external shower, including pop up shower tents, helps keep dirt and sand outside, where it belongs.
- 06

Versatile roof racks let you carry a range of additional cargo.
- 07

Roof-mounted air conditioning to keep you cool throughout summer.
- 08

A high quality Fiamma awning makes every spot, a shady spot (N/A Swift).
- 09

Fusion CD/Radio stereo system includes both indoor and outdoor speakers.
- 10

With a slide out BBQ you can entertain while you cook (select models only).
- 11

Catch your favourite shows on the 19.5" 12 volt LED TV with DVD player.

TRIMS

FREEDOM OF CHOICE The freedom you'll enjoy with your Jayco begins before you even place your order. We offer a wide range of great looking, hard-wearing, easy-to-clean finishes, fabrics and soft furnishings in both contemporary and classic styles, for you to choose and coordinate as you wish.

PROUDLY SUPPORTING THE PURSUIT OF GOOD HEALTH Across four decades, Jayco has passionately supported community health initiatives, charities, sports and sporting teams. Our commitment to contribute to those in need, promote the benefits of an active lifestyle, and assist sports people achieve their potential – be it at elite level or grass roots – remains undiminished. Below are just a few ways we're helping make a difference today. For more, visit jayco.com.au.

WOMEN'S NATIONAL BASKETBALL Long time supporters of women's basketball, Jayco is now naming rights sponsor for the Opals, the Emerging Opals, the Under-19 Gems and Under-17 girls' national teams.

STATE OF THE ART COMPLEX

Built in Australia since 1975 - and still going strong. In 2007, Jayco moved into its current 50-acre state of the art complex at 1 Jayco Drive, Dandenong South, Victoria, with a purpose-built 60,000sqm undercover manufacturing complex. This is where all Jayco RVs are made.

Australia's most recognised brand for quality and affordable recreational vehicles, Jayco is a great success story of Australian manufacturing.

Employing over 1,000 Australians, Jayco continues as a locally owned family business.

TO BE THE BEST, you need to work with the best
